

- • The Tobacco Products Directive (2014/40/EU) requires manufacturers and importers of tobacco products and related products, including electronic cigarettes and refill containers, to submit key information on their products to the competent authorities of Member States in which they intend to place these products on the market.

- ☑ • The reporting and notification obligations follow from Articles 5(5) and 20(13) the Tobacco Products Directive (2014/40/EU). The specific rules on common electronic formats have been established by Commission Implementing Decision (EU) 2015/2186 for tobacco products and Commission Implementing Decision (EU) 2015/2183 for electronic cigarettes and refill containers.

The information on products which are intended to be placed on the **Lithuanian market** should be submitted using the EU common entry gate **EU-CEG**. There are no fees for receiving, storing, handling, analysing and publishing the submitted information.

The EU-CEG has to be used for submitting information on the following types of products:

- * Tobacco products [including novel tobacco products];
- * Electronic cigarettes/refill containers/related products;
- * Herbal products.
